## GO HANDS FREE

HTM0105 6.11

"Wall-mounted liquid hand-wash dispensers with disposable cartridges should be used. It should be ensured that the nozzle is kept clean. Refillable hand-wash containers should not be used as bacteria can multiply within many of these products and are therefore a potential source of contamination.

Clear your surfaces now in readiness for the next inspections

- One free Durr dispenser (with an autoclavable pump) with every £40 spent on Durr hand care products
  - One free Dentisan dispenser with every pack of pouches (6) purchased

#### Filtering

When searching you can now narrow your search to "starts with" as well as category and manufacturer.

#### Order forecast

Under this your history is searched, the last 13 months are analysed and a report is created with three tables, NOW, PAST and FUTURE. An order can then be created using these lists. If a product has only been ordered once it will not be included.

**Please contact me if you would like a web log on or any training around the use of our fantastic website.**
